

## LETTER OF RECOMMENDATION

It is pleasure to recommend **Mr. AMEEN ABBAS**, as an applicant for the master program at your University who was a bona fide student of Sri Venkateshwara College of Engineering from 2014-2018. He graduated from our institution in June - July 2018 in Bachelor of Engineering in Civil Engineering. As a Teacher, Civil Engineering in Sri Venkateshwara College of Engineering Bangalore, I have handled several classes for him.

AMEEN ABBAS likes to ruminate on a topic till he has understood all its aspects to his satisfaction. I have taught him the subject **STRUCTURAL ENGINEERING**. During the academics I have observed him to be a very meticulous and hard working person. He would think over a problem carefully, trying to find a new approach to it, which yielded favorable results.

AMEEN ABBAS is a good team player and impressed me with his natural ability to motivate his teammates. He has good communication skills. I have observed him working in a group in the lab session as mentioned earlier, and noticed that he explained topics to his peers well. The way he delivered explanations, carefully streamlining his thoughts really impressed me. His thoughts are coherent and so is the way he expressed them. This coupled with his good command of the English language.

On a personal level, AMEEN ABBAS is a well-mannered and polite individual. He has knack for saying right things at the right time. In this connection, it should be noted that he has a good sense of humor, and he has good relationship with his peers. In a nutshell, he is a multifaceted person with a zeal for academic, cultural and extra- curricular activities.

Considering the above facts, I strongly recommend him for admission into master's program at your esteemed university with all possible financial assistance.

Sincerely

*MS*  
02/02/19  
Dr. Latha M S

Associate Professor, Civil Department  
Sri Venkateshwara College Of Engineering

## TO WHOM IT MAY CONCERN

It is my great pleasure to recommend **Mr. AMEEN ABBAS** for admission to Master degree programme. I have known him for 2 years and was delighted to serve as his teacher and head of department in Civil Engineering at Sri Venkateshwara College of Engineering, Bangalore, Karnataka State, India. His character and conduct was good during his course of study. During that time, i watched him grow into an individual who excels in both his academic and personal pursuits. He is having more interest to pursue higher study in field of Construction Project Management. I highly recommend you to accept his application for master degree programme. I am confident that he will make an excellent addition to your University.

Sincerely,

*Ravi*, 07/02/2019
